Office of Planning and Research
1400 Tenth Street, Room 222
PO Box 3044
Sacramento, CA 95812-3044

NOTICE OF COMPLETION
DRAFT ENVIRONMENTAL IMPACT REPORT
UNIVERSITY OF CALIFORNIA, IRVINE

Project Title: 2007 Long Range Development Plan EIR and
Area 9/2 Faculty/Staff Housing
State Clearinghouse Number: 2006071024
Location: University of California, Irvine (UCI)
County: Orange

Transmitted herewith are 15 CD copies of the Draft Environmental Impact Report (DEIR) and 15 print copies of the DEIR Executive Summary for the above-named projects. This submittal is pursuant to the State CEQA Guidelines issued by the Office of the Secretary for Resources for compliance with the California Environmental Quality Act. This letter and the attached Environmental Document Transmittal Form serve as the Notice of Completion for this DEIR. We expect that the state review period will begin on approximately August 27, 2007 and end on October 11, 2007.

Two workshops and public hearings will be held to receive public comments on the DEIR: at 6:00 p.m. on September 20, 2007, at the University Club located on the UCI campus, and at 6:00 p.m. on October 1, 2007, at the Lakeview Senior Center, 20 Lake Road, Irvine, California.

Copies of the DEIR and all documents referenced therein are available for public review by appointment at the UCI Office of Campus and Environmental Planning. Copies of the DEIR are also available for review at UCI’s Langson Library and the University Park Branch of the Orange County Public Library, 4512 Sandburg Way, Irvine, California. The 2007 LRDP and the DEIR are also on the web at: http://www.ceplanning.uci.edu/current_projects.html.

If you have any questions about these projects, please contact me at (949) 824-6316.

Sincerely,

[Signature]
Richard Demerjian, Director
Campus & Environmental Planning

Project Description: (please use a separate page if necessary)
This is the Draft Environmental Impact Report (DEIR) for the UC Irvine 2007 Long Range Development Plan (2007 LRDP). The 2007 LRDP identifies general types of campus development and land uses to support projected expansion of existing academic programs and to enable new academic program initiatives at UCI through the plan horizon year of 2025-26. The 2007 LRDP accommodates student enrollment growth, increases in academic and support space, and additional on-campus housing for students, faculty, and staff. The DEIR also analyzes the project-level effects of the Area 9/2 Faculty and Staff Housing project that would be constructed at UCI under the 2007 LRDP.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

September 2005
Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".

Dear Richard Demerjian:

The State Clearinghouse submitted the above named Draft EIR to selected state agencies for review. On the enclosed Document Details Report please note that the Clearinghouse has listed the state agencies that reviewed your document. The review period closed on October 10, 2007, and the comments from the responding agency (ies) is (are) enclosed. If this comment package is not in order, please notify the State Clearinghouse immediately. Please refer to the project's ten-digit State Clearinghouse number in future correspondence so that we may respond promptly.

Please note that Section 21104(c) of the California Public Resources Code states that:

"A responsible or other public agency shall only make substantive comments regarding those activities involved in a project which are within an area of expertise of the agency or which are required to be carried out or approved by the agency. Those comments shall be supported by specific documentation."

These comments are forwarded for use in preparing your final environmental document. Should you need more information or clarification of the enclosed comments, we recommend that you contact the commenting agency directly.

This letter acknowledges that you have complied with the State Clearinghouse review requirements for draft environmental documents, pursuant to the California Environmental Quality Act. Please contact the State Clearinghouse at (916) 445-0613 if you have any questions regarding the environmental review process.

Sincerely,

Terry Roberts
Director, State Clearinghouse

Re: SCH2007-024; CEQA Notice of Completion: draft Environmental Impact Report (DEIR) for University of California, Irvine 2007 Long Range Development Plan; Orange County, California

Dear Mr. Demerjian:

The Native American Heritage Commission is the state's Trustee Agency for Native American Cultural Resources. The California Environmental Quality Act (CEQA) requires that any project that causes a substantial adverse change in the significance of an historical resource, that includes archaeological resources, is a 'significant effect' requiring the preparation of an Environmental Impact Report (EIR) per CEQA guidelines § 15064.5(b)(c). In order to comply with this provision, the lead agency is required to assess whether the project will have an adverse impact on these resources within the 'area of potential effect (APE)', and if so, to mitigate that effect. To adequately assess the project-related impacts on historical resources, the Commission recommends the following action:

- Contact the appropriate California Historic Resources Information Center (CHRIS). Contact information for the Information Center nearest you is available from the State Office of Historic Preservation (916/653-7278)/http://www.ohp.parks.ca.gov/1068/files/IC%20Roster.pdf The record search will determine:
  - If a part or the entire APE has been previously surveyed for cultural resources.
  - If any known cultural resources have already been recorded in or adjacent to the APE.
  - If the probability is low, moderate, or high that cultural resources are located in the APE.
  - If a survey is required to determine whether previously unrecorded cultural resources are present.
  - If an archaeological inventory survey is required, the final stage is the preparation of a professional report detailing the findings and recommendations of the records search and field survey.
    - The final report containing site forms, site significance, and mitigation measures should be submitted immediately to the planning department. All information regarding site locations, Native American human remains, and associated funerary objects should be in a separate confidential addendum, and not be made available for public disclosure.
    - The final written report should be submitted within 3 months after work has been completed to the appropriate regional archaeological Information Center.

- Contact the Native American Heritage Commission (NAHC) for:
  - A Sacred Lands File (SLF) search of the project area and information on tribal contacts in the project vicinity that may have additional cultural resource information. Please provide this office with the following citation format to assist with the Sacred Lands File search request: USGS 7.5-minute quadrangle citation with name, township, range and section.

- The NAHC advises the use of Native American Monitors to ensure proper identification and care given cultural resources that may be discovered. The NAHC recommends that contact be made with Native American Contacts on the attached list to get their input on potential project impact (APE). In some cases, the existence of a Native American cultural resources may be known only to a local tribe(s).

- Lack of surface evidence of archeological resources does not preclude their subsurface existence.
- Lead agencies should include in their mitigation plan provisions for the identification and evaluation of accidentally discovered archaeological resources, per California Environmental Quality Act (CEQA) §15064.5 (f). In areas of identified archaeological sensitivity, a certified archaeologist and a culturally affiliated Native American, with knowledge in cultural resources, should monitor all ground-disturbing activities.
- Lead agencies should include in their mitigation plan provisions for the disposition of recovered artifacts, in consultation with culturally affiliated Native Americans.

- CEQA Guidelines, Section 15064.5(d) requires the lead agency to work with the Native Americans identified by this Commission if the initial Study identifies the presence or likely presence of Native American human remains within the APE. CEQA Guidelines provide for agreements with Native American, identified by the NAHC, to assure the appropriate and dignified treatment of Native American human remains and any associated grave liens.
√ Health and Safety Code §7050.5, Public Resources Code §5097.98 and Sec. §15064.5 (d) of the CEQA Guidelines mandate procedures to be followed in the event of an accidental discovery of any human remains in a location other than a dedicated cemetery.

√ Lead agencies should consider avoidance, as defined in § 15370 of the CEQA Guidelines, when significant cultural resources are discovered during the course of project planning.

Please feel free to contact me at (916) 653-6251 if you have any questions.

Sincerely,

Deve Singleton
Program Analyst

NOTICE OF AVAILABILITY

Environmental Impact Report
University of California, Irvine, 2007 Long Range Development Plan

August 24, 2007

This is to notify you of the publication and distribution of a Draft Environmental Impact Report (DEIR) for the University of California, Irvine (UCI) 2007 Long Range Development Plan (2007 LRDP). The 2007 LRDP identifies general types of campus development and land uses to support projected expansion of existing academic programs and to enable new academic program initiatives at UCI through the plan horizon year of 2025-26. The 2007 LRDP accommodates student enrollment growth, increases in academic and support space, and additional on-campus housing for students, faculty, and staff. The UCI campus is located in southern portion of the City of Irvine, Orange County, California.

The DEIR identifies the potential environmental effects of the 2007 LRDP and prescribes mitigation measures for reducing significant environmental impacts from UCI physical development. The DEIR anticipates that the 2007 LRDP may result in significant effects in the following environmental areas: aesthetics, air quality, biological resources, cultural resources, hazards and hazardous material, hydrology and water quality, land use and planning, noise, recreation, traffic, and utilities. The DEIR also analyzes the project-level effects of the Area 9/2 project Faculty and Staff Housing project that would be constructed at UCI under the 2007 LRDP.

The DEIR is being circulated for review and comment by the public and other interested parties, agencies, and organizations. Copies of the DEIR will be available for review beginning August 27, 2007, at UCI’s Langson Library and the University Park Branch of the Orange County Public Library, 4512 Sandburg Way, Irvine, California 92612. In addition, the DEIR and all referenced documents will be available by appointment during normal business hours at UCI’s Office of Campus and Environmental Planning, 4199 Campus Drive, Suite 750, Irvine, California by calling (949) 824-6316. The 2007 LRDP and DEIR are also available online at: http://www.ceplanning.uci.edu/current_projects.html.

Two workshops and public hearings will be held to receive public comments on the DEIR: at 6:00 p.m. on September 20, 2007, at the University Club located on the UCI campus, and at 6:00 p.m. on October 1, 2007, at the Lakeview Senior Center, 20 Lake Road, Irvine, California. At these meetings the public is invited to provide oral comments on the DEIR. Written comments on the DEIR can be submitted throughout the public review period, which closes on October 11, 2007, at 5:00 p.m., by mailing to:

Richard Demerjian, Director
UC Irvine Campus and Environmental Planning
750 University Tower
Irvine, CA 92697-2325

Comments may also be sent via email to LRDP.EIR@uci.edu. Please include “LRDP EIR Public Comment” in the subject line.
AFFIDAVIT OF PUBLICATION

STATE OF CALIFORNIA,

County of Orange

I am a citizen of the United States and a resident of the County aforesaid; I am over the age of eighteen years, and not a party to or interested in the above entitled matter. I am the principal clerk of The Orange County Register, a newspaper of general circulation, published in the city of Santa Ana, County of Orange, and which newspaper has been adjudged to be a newspaper of general circulation by the Superior Court of the County of Orange, State of California, under the date of 1/18/52, Case No. A-21046, that the notice, of which the annexed is a true printed copy, has been published in each regular and entire issue of said newspaper and not in any supplement thereof on the following dates, to wit:

August 27, 2007

"I certify (or declare) under the penalty of perjury under the laws of the State of California that the foregoing is true and correct":

County Clerk-Recorder
In and for the County of Orange

By: ____________________________ Deputy

Public Resource Code 21092.3

The notices required pursuant to Sections 21080.4 and 21092 for an environmental impact report shall be posted in the office of the County Clerk of each county in which the project will be located and shall remain for a period of 30 days. The notice required pursuant to Section 21092 for a negative declaration shall be so posted for a period of 20 days, unless otherwise required by law to be posted for 30 days. The County Clerk shall post notices within 24 hours of receipt.

Public Resources Code 21152

All notices filed pursuant to this section shall be available for public inspection, and shall be posted within 24 hours of receipt in the office of the County clerk. Each notice shall remain posted for a period of 30 days. Thereafter, the clerk shall return the notice to the local agency with a notation of the period it was posted. The local agency shall retain the notice for not less than nine months.
NOTICE OF AVAILABILITY

Environmental Impact Report
University of California, Irvine, 2007 Long Range Development Plan

August, 24, 2007

This is to notify you of the publication and distribution of a Draft Environmental Impact Report (DEIR) for the University of California, Irvine (UCI) 2007 Long Range Development Plan (2007 LRDP). The 2007 LRDP identifies general types of campus development and land uses to support projected expansion of existing academic programs and to enable new academic program initiatives at UCI through the plan horizon year of 2025-26. The 2007 LRDP accommodates student enrollment growth, increases in academic and support space, and additional on-campus housing for students, faculty, and staff. The UCI campus is located in southern portion of the City of Irvine, Orange County, California.

The DEIR identifies the potential environmental effects of the 2007 LRDP and prescribes mitigation measures for reducing significant environmental impacts from UCI physical development. The DEIR anticipates that the 2007 LRDP may result in significant effects in the following environmental areas: aesthetics, air quality, biological resources, cultural resources, hazards and hazardous material, hydrology and water quality, land use and planning, noise, recreation, traffic, and utilities.
